DAVID GUNSBURG

Case No. CR 09 02 0562 (C)

JOURNAL ENTRY

THIS DAY, to-wit: The 10th day of November, A.D., 2009, the Defendant's sentencing hearing was held pursuant to O.R.C. 2929.19. The prosecuting attorneys, Maryanne Kovach, Michael Todd, and Beth Aronson; defense counsel, James Burdon, and the Defendant, DAVID GUNSBURG, who was afforded all rights pursuant to Crim. R. 32., were present in Court. The Court considered the record, statements of counsel, as well as the principles and purposes of sentencing under O.R.C. 2929.11, and the seriousness and recidivism factors under O.R.C. 2929.12.

The Court finds that the Defendant, heretofore on October 13, 2009, pled GUILTY to the charge of UNLAWFUL RESTRAINT, as contained in the amended Count 3 of the Indictment; GUILTY to the charge of RIOT, as contained in Count 5 of the Indictment; and GUILTY to the charge of NEGLIGENT ASSAULT, as contained in Count 7 of the Indictment; which offenses occurred on or about February 24, 2008, which pleas, voluntarily made, and with a full understanding of the consequences, were accepted by the Court, and the Court found the Defendant guilty of the above offenses.

The charges of CONSPIRACY TO COMMIT KIDNAPPING, as contained in Count 2 of the Indictment; AGGRAVATED RIOT, as contained in Count 4 of the Indictment; CONSPIRACY TO COMMIT KIDNAPPING, as contained in Count 9 of the Supplement One to Indictment; KIDNAPPING, as contained in Count 10 of the Supplement Two to Indictment; and CONSPIRACY TO COMMIT KIDNAPPING, as contained in Count 11 of the Supplement Two to Indictment, were previously DISMISSED.

Thereupon, the Court inquired of the said Defendant if he had anything to say why judgment should not be pronounced against him; and having nothing but what he had already said and showing no good and sufficient cause why judgment should not be pronounced:

IT IS THEREFORE ORDERED AND ADJUDGED BY THIS COURT that the Defendant, DAVID GUNSBURG, serve Thirty (30) days in the Glenwood Jail for punishment of the crime of UNLAWFUL RESTRAINT, Ohio Revised Code Section 2905.03(A), a misdemeanor of the 3rd degree; serve Thirty (30) days in the Glenwood Jail and pay a fine in the amount of \$500.00, for punishment of the crime of RIOT, Ohio Revised Code Section 2917.03(B), a misdemeanor of the 1st degree; and serve Thirty (30) days in the Glenwood Jail for punishment of the crime of

To who it may concern:

Steve Woodward has asked me to offer a letter of reference for him. I am most happy to provide a recommendation.

Steve Woodard contributed to the success of the IT graduate program at Regis University. His classroom work, scholarship and ability to perform independent research were very exemplar and set him apart from other graduate students in the program. He graduated with highest honors from MSCIT; thus, his scholarship and attention to his studies was quite remarkable.

I worked with him for about a year on his graduate thesis during his tenure in the Networking Lab Practicum and found his systematic analysis of difficult technical problems and troubleshooting approach to be innovative and of note. I heartedly recommend him for further advanced studies.

Sincerely,

Dan Likarish

SUBJECT:

DATE: February 8, 1993

Steve Woodward has proven to be an invaluable asset to the D.C.C. staff. Steve communicates well and when we call him he has been able to respond consistently in a very timely manner. Steve is well versed in Palette, and has been extremely supportive in helping train a number of D.C.C. employees in the use of Palette.

Steve also has been instrumental in the on-line EC control pilot being developed here in building 10. I believe Steve would be a positive asset to any manufacturing group within STK.

From: CATALFAMO

Subject: Steve Woodward

Hello Bob,

This is just a short note to express my sincere appreciation for the help and cooperation that my group and I have received when working with Steve Woodward.

Over the past 14 months, Steve has worked very closely with the EMI implementation and support team in getting Powderhorn on-line to EMI. From day 1, it was obvious that Steve was an excellent team player, always contributing his fair share to the task at hand. During some rough times, he was very pro-active in helping break down personality barriers and communication walls so that those involved could focus more on real issues and get problems resolved more quickly. During team meetings, Steve was very sensitive to the needs of others and he often jumped in to get things rolling again when everything appeared to be at a standstill.

As a group we want to acknowledge Steve's contribution to our effort and we look forward to working with Steve in the future.

Steve,

April 12, 1994

On behalf of the timberline and Redwood programs I would like to recognize you for your contributions in developing and delivering the Electronic Manufacturing Instruction process.

Implementing new technology is never without it's difficulties and Electronic Manufacturing Instructions is no exception. Your past experience with EMI's has helped to pull together many facets of this technology into a viable operational procedure.

With very little time into the department you have been able to assess TimberLines EMI needs, gather input from your peers, develop a plan of action, and implement to that plan. Your efforts have contributed greatly to meeting program requirements for TimberLine. Furthermore, your efforts will serve to give the Redwood program a head start due to the EMI improvements that you have implemented along the way.

I would like to emphasize the way that you have gathered input from your peers and customers. Although at times this may seem to slow the implementation of EMI's down in the short run, the long term affects provides consistent growth for everyone involved. Additionally, you get buy in from the people whom will use the process!

You have shown initiative working with groups outside our organization which has contributed to your success in meeting the program deadlines. Additionally, you have contributed to rallying the TFTH organization into considering our system for long term use. The advent of this process allows us to benchmark an overseas solution in supporting the Toulouse operation, as well, allows an efficient method for updating the Head FRU process in the TFTH organization short term.

I am pleased to recognize you for your efforts and offer my congratulations on implementation of Electronic Manufacturing Instructions for the TimberLine program. Thank you for all of your effort and keep up the good work!

Sincerely,

Blake J. Mynatt

August 24, 1988

TO: Steve Woodward, Lifeguard
Groveland Oaks County Park

RE: Letter of Commendation

This letter of commendation is being presented to you for your outstanding performance as a lifeguard during and after a rescue which took place on Sunday, July 17, 1988.

You were observed, along with fellow lifeguards Kris Campbell and Julie Stotz, carrying the victim from the water, displaying superior team work and communication skills. Your initial patient survey allowed us to provide vital information to responding EMS units. The fact that you could supply this information even though the victim was lethargic, totally deaf, speechless and mentally impaired further demonstrated your flexibility and control in a crisis. After EMS arrived, your automatic assistance with crowd control was exemplary.

Your efforts were also observed by Lt. Easton of the Groveland Twp. Fire Department who agrees with our department that you should be commended for a job well done and are a compliment to the lifeguard profession.

Sincerely,

Medward J. Tessier

Neptune Mountaineering

633 South Broadway Boulder, CO – 80305
303-499-8866 – www.neptunemountaineering.com
Up-dated May 29

Thursday, June 12: NO SHOW! Instead go see Eric Weihenmayer's show at the Boulder Theater. Call (303) 998-9414 for more information.

Thursday, June 19: Steve Woodward & Tim Cowen- "*I'll Never Need to be Rescued*"
This is the story of Tim Cowen, a veteran of the Himalaya, climber of Everest and Cho Oyu, Denali and Huscaran's North and South peaks. The story of Tim's fall in Boulder County, on a climb he has done multiple times, a fall that required a two mile hike by local rescue teams, a 200 ft rappel, a river crossing, a 300ft up-haul to R.R. tracks, and a transportation by Union Pacific to Flight-for-Life. This is a presentation of the unique job and commitment of 45 rescuers and five rescue agencies, people that contribute their skills and hearts to the many climbers and adventurers of the Colorado Rocky Mountains and Front Range. This is a free presentation, but also a benefit drive for the rescue agencies involved, so contributions are very appreciated! Help fund our local rescue efforts!!!

Thursday, June 26: Ang Dorje Sherpa- "*Conquering the Khumbu (A Benefit for the Family Learning Center in Boulder)*." Ang Dorje will chronicle his mountaineering experiences in words and images, including his 2003 summit of Everest during its 50th anniversary. Ang Dorje was born in Pangboche, a small village in the Solo Khumbu region of Nepal. He has been working with treks for most of his life, including extensive work as Climbing Sirdar with Adventure Consultants of New Zealand. In addition to mountaineering in the Khumbu, he has worked as a Guide on Galdhoepiggen in Norway and as Assistant Guide on Aconcagua. This show is a benefit for the Family Learning Center, a community center in Boulder that provides educational and support services for Boulder County's low-income families. We encourage you to come to this unique event and support the FLC's efforts!

Thursday, July 3: Alpine Climbs in the Tetons and Wind River Range Wyoming- "*Wyoming's Wild Ranges*" Enjoy an evening of route presentations and descriptions by Neptune Mountaineering staff on these wild ranges of Wyoming. From the Exum Ridge and the Black Ice Couloir, to Pingora and Wolf's Head, and many more. This will be a good time to get beta on some of the route's of Wyoming's two big ranges. **Free!**

All shows start at 8:00pm unless otherwise noted.
We hope you appreciate the unique shows that we are able to present.
It is our policy that all proceeds from these shows go either to the presenter or to the beneficiary of the slide show. Neptune's pays for all staffing, advertising, etc.
Thanks for your continued support!

First Presbyterian Church
1820 15th St.
Boulder, Co 80302-5412

To whom it may concern:

I'm delighted to write this reference letter for Steve Woodward. Steve has been attending First Presbyterian Church for nearly ten years. He has been an usher now for over six years, helping new people feel welcome and answering questions they have concerning our church.

Steve regularly contributes to the church and special projects, and traveled on several short term missions to an orphanage located in Monte, Mexico. There he performed numerous building and maintenance projects as well as helped the children learn how to fix their bicycles. Steve also created and proctored a small group class designed to help people read through the New Testament in a short time frame.

I believe Steve has the personality and ambition to be a fine physician; I'm sure when he's finished he'll be involved in many medical mission projects.

Sincerely,

Dr. Peter Barnes, Senior Pastor

ANE J. MCNEIL

August 10, 2011

1 Q. Okay. So, before the break we were discussing how you
2 were going to give me certain information regarding the
3 other management level or above people that you've been
4 involved in investigating in the last few years, and I
5 think preliminarily, at least, we've agreed to talk
6 about the departments and the job titles; is that right?

7 MR. GUNSBURG: No. Just the departments, and they
8 were management individuals.

9 MS. LAUGHBAUM: Okay. All right.

10 BY MS. LAUGHBAUM:

11 Q. What were the --

12 MR. GUNSBURG: The question had to do with
13 terminations she was involved with.

14 MS. LAUGHBAUM: That's correct.

15 MR. GUNSBURG: Okay.

16 MS. LAUGHBAUM: Okay. So, we're on the same page.

17 BY MS. LAUGHBAUM:

18 Q. So, there were two individuals besides Susan Zonia?

19 A. Correct.

20 Q. And what were the departments of each of those
21 individuals?

22 A. One department was Radiology the second department was
23 Urgent Care.

24 Q. Okay. So, these are employees that ended up being fired
25 following an investigation; correct?

1 investigation that led to the termination was a very
2 short period of -- there wasn't an investigation that
3 actually led to the termination. There were allegations
4 being made by the associate, the supervisor, against the
5 other member of management, and then another person who
6 ultimately was terminated was also making allegations
7 against that person.

8 So, there were various sessions and meetings held
9 by both myself, the VP of that work area.

10 So, I wouldn't necessarily call it an investigation
11 that led to the termination.

12 Q. All right. Well, how long was the whole process?

13 A. About ten months.

14 Q. And that was from the allegations surfacing to this
15 female manager in Radiology being terminated; correct?

16 A. There was -- not necessarily.

17 Q. Okay.

18 A. The allegations that both parties were making were not
19 fully substantiated, and the decision to terminate was
20 based on the inappropriate or lack of leadership that
21 the other manager was providing to the department.

22 MR. GUNSBURG: The higher level manager? Is that
23 who you're talking about?

24 A. The higher level manager, yes.

25 BY MS. LAUGHBAUM:

1 A. Yes.

2 Q. And what was your role with respect to the investigation
3 of the Radiology person?

4 A. The -- I wasn't the first HR person involved. The
5 associate that filed the complaint was also a member of
6 management and had been speaking to one of my
7 subordinates at the time.

8 At the point where I got involved, he wasn't
9 available to speak with her. So, the nature of it was
10 inappropriate -- allegations of inappropriate remarks,
11 comments; feelings of intimidation.

12 Q. What was the gender of the Radiology -- what was the
13 gender of the person fired?

14 A. Female.

15 Q. What was the gender of the management associate who
16 filed the complaint?

17 A. Female.

18 Q. And what were the inappropriate remarks?

19 A. Remarks such as -- you know, basically threatening their
20 jobs. So, "If you don't, kind of, "do it my way,
21 Woodward is right there."

22 Q. Was the person that was fired a physician?

23 A. No.

24 Q. And how long was that investigation; if you know?

25 A. Well, the investigation -- I wouldn't -- the

1 Q. What was the ten months? What was the process that took
2 ten months?

3 A. Employee A coming to HR saying, you know, "Here's my
4 complaint."

5 The other -- the other higher level manager
6 saying -- you know, approaching HR, not necessarily
7 being called by HR, coming to HR and saying, "Well, I
8 have this issue."

9 So, it was just an ongoing kind of back and forth
10 situation between the two that both parties were talked
11 to together and also individually regarding their
12 actions.

13 Q. Did you conduct interviews in that matter, personally?

14 A. I spoke to both of them, yes.

15 Q. Do you know who else would have conducted interviews?

16 A. I wouldn't necessarily call them interviews. The VP of
17 that work area also spoke to them individually.

18 Q. Okay. Let's move to the Urgent Care situation.

19 Strike that.

20 The Radiology termination was what year?

21 A. 2011.

22 Q. And how about the Urgent Care termination?

23 A. 2010.

24 Q. What month in 2010; if you know?

25 A. You know, I don't recall.
